Enjoy time roaming through Oregon's premier Casino. The casino is a Las Vegas-style facility with more than 1,200 slot machines, along with keno, bingo, craps, roulette, blackjack and poker.
- The Casino includes a waterfall flowing to a pond (designed to resemble Euchre Creek, an important area to the Siletz tribe) where "wishers" can toss their coins for good luck and make a contribution to the Tribe's educational fund. The round lobby and weave design painted on the exterior give tribute to the tribe's traditional basket weaving techniques. Salmon decorate many of the interior and exterior areas, a nod to the fish that plays a special and important role in the history of the tribe.
